

Aeraseeder

The Raycam Aeraseeders are a range of heavy-duty '2-in-1' overseeders designed for overseeding greens, tees, sportsfields & other similar fine turf surfaces, with minimal disruption to the existing sward. The unique angled coned rollers produce approx 1750 holes per sq. metre, and the rear mounted brush ensures that seed is swept into the holes created by the coned roller. The hopper has an internal agitator to ensure a smooth seed flow and a floating headstock ensures good contour following. Available in 2 working widths. The Aeraseeder can be supplied coned / coned or coned / flat roller.

SPECIFICATIONS

Model	1200	1800
Working width	1.20m	1.80m
Working width	1.30m	2.10m
Hopper capacity	0.17m ³	0.42m ³
Weight (empty hopper)	209kg	583kg
Spike length	38mm	38mm
