

VREDO® SUPER COMPACT

The Super compact series is a world class overseeder for the sports and golf sector, among others. It is professionally constructed, featuring a double row of cutting discs allowing row spacing of just 35 mm. Efficient overseeding and rapid thickening of the turf. This series can be used with 3-point attachment or towed and is therefore suitable for use with tractors in the lower HP class.

- LED lighting
- Electronic surface counter (Metric/ Imperial)
- Contour-following front support wheel mechanical drive
- Sowing table showing the most commonly used grasses
- Seed level indicator
- Seed dispenser with twist-cap for catching residual seed
- Sharp cutting discs Ø 250 mm in diameter
- Maintenance-free variator with stepless dosage adjustment
- Integrated weights holder for ergonomic suitcase weights
- Smooth pressure roller Ø 220 mm with self-adjusting scraper
- Large volume seed hopper with agitator shaft
- Compact calibration tray
- Progressively sprung Sowing elements spaced 35 mm apart

SPECIFICATIONS

Seed dosage	Stepless 3 to 390 kg/ha
Disc diameter	Ø 250 mm
Element	Progressively sprung 0-20 mm sowing depth
Turf guard	Adjustable
Pressure roller	Ø 220 mm with self-adjusting scraper
Calibrating	Calibration table, Newly improved calibration tray section

Type	GPS Working width (cm)	Transport width (cm)	Row spacing (mm)	Volume of seed hopper (l)	Weight (kg)	Recommended 20 kg weights	Tractor power	Depth adjustment	Dimensions l x w x h (cm)
